

AFFIDAVIT OF ANDREW JOHN MILLER

Andrew John Miller, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. I was a poll challenger on Tuesday, November 3, 2020 and Wednesday, November 4, 2020.
4. The table I was at was duplicating ballots and had about 25 ballots to duplicate.
5. One poll worker held the original ballot and a second poll worker duplicated the ballot.
6. The poll worker who duplicated the ballot hovered over the ballot and blocked me from being able to see the duplication process.
7. A third worker was blocking anyone from being able to see this duplication process.
8. I informed a supervisor that I was denied access to see the duplication process and need to review the ballots for accuracy. I was informed that I “couldn’t because the duplication process was personal like voting.”
9. I watched them duplicate 3 or 4 ballots and this happened on each ballot I watched.
10. I challenged these 3 or 4 ballots and the table worker refused to acknowledge my challenge.
11. Additionally, the poll workers refused to enter my challenge into the computer and also refused to enter my challenge into the poll log.
12. On both November 3, 2020 and November 4, 2020, I was instructed to back up 6 feet from the table and I was unable to see what was happening with the ballots from 6 feet away from the table.

1. At one point on November 4, 2020, a democrat challenger was standing between myself and the table where the poll worker was processing the ballots
2. I was instructed to back up 6 feet from the table, however, the democrat challenger, who stood in between where I was standing and the poll worker at the table, was not told they needed to back up.
3. I saw roughly 24 computers on November 3, 2020 and every computer I saw had a red error messages in the lower right-hand corner saying "update overdue." Additionally, not all of the computers indicated the correct time, with some being off by approximately 5 hours. All computers with the incorrect time were synchronized to show the same incorrect time.

AFFIDAVIT OF ANNA PENNALA

Anna Pennala, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan and in the Township of Brighton
3. I observed several irregularities including an unattended ballot box, unidentified people coming in and out of the TCF Center, and a chaotic ballot counting process.
4. There were several instances in which the poll workers used their bodies to prevent me from watching and observing the ballot counting process.
5. Throughout the day, I witnessed a pattern of chaos, intimidation, secrecy, and hostility by the poll workers. Poll workers would cheer, jeer and clap when poll challengers were escorted out of the TCF Center. There seemed to be collaboration between the democratic poll challengers and the City of Detroit poll workers.

AFFIDAVIT OF ARTICIA BOMER

Articia Bommer, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. On November 3, 2020 I was a Republican challenger at the TCF Center in Detroit, Michigan. I arrived at approximately 9:30pm and left the next morning at approximately 6:30am.
4. When I arrived I, along with other Republican challengers, were told we needed to remain standing in one place and be six feet away from everyone. Eventually we were told we could move around the counting room.
5. I observed tables 123 and 120. At both table 123 and 120 I noticed USPS boxes of ballots beneath the table. I was able to observe that many of these ballots in the boxes were either straight ticket Republican or had votes for Donald Trump. These ballots seems to be separated from the rest of the ballots being counted.

6. I witnessed a meeting between election worker “team leads” where they gathered together and spoke, this meeting ended in a cheer. Many of these team leads wore mask or other materials supporting “Black Lives Matter” or other political causes.
7. At approximately 11:43pm I heard one of the team leads yell “this is our house tonight!” At approximately midnight, I heard this same man say racist remarks about black people who support Donald Trump. I believe these remarks were directed at me.
8. I witnessed election workers open ballots with Donald Trump votes and respond by rolling their eyes and showing it to other poll workers. I believe some of these ballots may not have been properly counted.
9. I observed a station where election workers were working on scanned ballots that had issues that needed to be manually corrected. I believe some of these workers were changing votes that had been cast for Donald Trump and other Republican candidates.
10. I observed ballots with cursive writing notes at the top right hand corner. I observed approximately 500 ballots with this writing. These ballots did not have ballot codes on them.
11. At approximately 4:03am a poll worker announced that 50 boxes of ballots were coming in. Election workers loudly cheered this announcement.

12. At approximately 4:50am I witnessed a man spraying a chemical on a ballot counting machine. He then placed twenty-seven ballots into the machine and I noticed tape on the top of the ballot where a ballot number would normally be. Throughout the night I witnessed him insert these same 27 ballots at least five times.
13. At approximately 5:15am an announcement came in for counters to clean their tables. Ballots were still throughout the counting room.
14. In between the announcing at 4:03am of 50 new boxes and the announcement at 5:15am for workers to clean their tables, I did not observe the 50 new boxes coming in or counted.
15. There were no "bag checks" for anyone taking or bringing ballots into the TCF Center.
16. On November 4, 2020 I returned to the TCF Center at approximately 10:30am. I was not allowed in.
17. I took notes documenting these issues while I was at the TCF Center.
