## AFFIDAVIT OF BRADEN GAICOBAZZI

Braden Gaicobazzi being sworn, declares under penalty of perjury:

I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.

1. I am a registered voter in the State of Michigan.

2. I had the following experiences at TCF (COBO) Hall on 11/4/2020

3. I experienced: Intimidation countless times, persistent lies from some table supervisors and managers regarding rules that prohibited me from doing my job, and threats of assault. I was escorted from the room by police after about 9 or 10 hours of peacefully doing my job for simply standing my ground at a table with people who were denying me access to see ballots and threatening me. I did not resist police in any way and left peacefully.

4. I saw an online note from someone within my GOP network of friends that 35,000 ballots had been received in the middle of the night and that they needed poll watchers on November 4th. I arrived in the late morning to be trained.

5. The first thing I noticed was that at least one person outside the ballot room entrance had a BLM mask on. She appeared to be doing temperature checks. Once inside, it was apparent that many and probably most tables in the room were hostile towards people with GOP lanyards.

6. I initially worked with an honest table, but after a few hours, I moved to another table because we were low on GOP Challengers. This is because they kept kicking out GOP challengers, using the police in the room to physically remove them. In fact, early in the afternoon or later morning, someone came into the room, made an announcement, and several people appeared to be

removed from the room as the doors were locked and the windows were boarded up with cardboard. I was informed that no GOP people were allowed in and that, if we left, we could not get back in. I asked several of the 'independent' lawyers and law students who were acting as challengers and none of them seemed to believe this to be an issue.

7. I talked with several of these 'independent' lawyers/law students at length in casual, friendly conversation and, based upon their answers to basic questions about the news, it was evident that EVERY single one of the lawyers/law students that I talked to was ideologically far-left, supporting things like CHAZ/CHOP in Seattle and condoning the crime skyrocketing around the country or wanting to work in Brooklyn because they support 'progressive' changes to law to 'not prosecute rioters,' etc. Yet, they all claimed to be independent. Anyway, every time a GOP staffer was removed from the room, most of the entire room would erupt in cheers and laughter and oftentimes derogatory insults as GOP Challengers were walked out by police.

8. Throughout the day, I was on numerous occasions told that I was not allowed within 6 feet of the tables. I told them I had to step in for a moment for each ballot to ensure that numbers or names matched and assured them that it would be brief and that the lawyers said this was by lawful, but table supervisors and their broader supervisors would often step in the way and prevent me from seeing ballots while claiming I was trying to kill or endanger their ballot counters with Covid. This was obviously incorrect and even when lawyers would tell the whole table this, they would often argue with the lawyer. After the lawyer would leave, sometimes the behavior would continue.

9. For much of the day I was with one good table. However, as the night drew long I was bouncing between several tables, mostly near the back of the room, because there were not enough GOP challengers remaining in the room and many tables had no challengers watching them at all. At around 8pm at one of the tables in the second-to-last row near the right corner, a specifically egregious moment occurred.

10. The table was counting a stack of about 35 ballots that all appeared to have pink challenge stickers on them. None of these ballots appeared to be in the digital database of voters, so the people at the table were simply entering names and addresses into the computer with birthdates of 1/1/1900. I personally was able to observe the 1/1/1900 birthdates on the computer. There were also addresses and names which I could not verify because I wasn't allowed close enough to the table for long enough to compare anything. I told the table I was challenging every one of these ballots. They laughed and said I can't just do that. I then noticed that at least one of the ballots and envelopes was mismatched based on the numbers. I waited to see if the table checker (at I believe station 2) would catch this and he did not, so I spoke up requested that the ballot be reviewed/challenged. I could not see any political affiliation information on the ballot, including voting; just the numbers on the envelope and ballot.

11. At some point, another GOP volunteer went to grab a lawyer for me because a debate ensued over this. There weren't nearly enough lawyers in the room to act on our behalf. When I would try to verify the names on the envelope or check the ballot number against the envelope number to ensure everything was okay, I was given the Covid runaround and separated from the table. (I cannot tell you by whom because, throughout the day, I recall very few people at these tables were ever willing to give me their name and party affiliation or even their job title. Everyone else stonewalled and said I wasn't allowed to talk with anyone at the table and that no one at those tables was required to tell me anything, often including the table supervisors and their managers.

12. The table supervisor came over and began giving me the same speech and, while I was politely telling him I was just doing my job, another GOP staffer went to find a lawyer for me. In this time, the table swarmed with, I assume, Democrat operatives getting very close to me and then yelling at me to back off 6 feet from him for Covid and complaining about the way I was wearing my mask moving because I was being forced to talk to him so much. The

supervisors and table had no problem with these people being close to the table and seemed to be familiar with one another, as though they were all on the same team. The antagonistic staffers invented any kind of reason to prevent me from doing my job and get me agitated. Finally, a lawyer showed up who told them I was allowed to do my job; like other tables, they simply argued with him as well. Having missed several ballots due to the arguing, I stepped in for a moment to verify the next ballot number matched its envelope.

13.The table supervisor, his supervisor and several other operatives (none of them would give their names or credentials) swarmed in and began intimidating me. I was separated from the table at one point by the table supervisor's supervisor and told to stand back. He stepped closer and closer to me as I backed further away to the other side of the table. I asked him what his name and job title was and he, along with the rest of the intimidators, refused to give me any information. He made some kind of innuendo about 'playing with' him that made me uncomfortable and he then told me something to the effect that he would either 'kick my ass or kick me out'.

14.In disbelief, I asked him if he was truly threatening me because I was just doing my job. He repeated his mantras multiple times and called the cops over and had me forcibly removed. The police questioned nothing and I didn't fight them at all and left peacefully. However, I had to grab my coat and gave my unfinished notes to another GOP volunteer, Andrew, so I do not have them as I write this affidavit and don't recall if I was able to write down the table number of this final event of my evening. Once escorted out of the building, I held the door for a brief moment to ask the police how to get to my car because I had no idea where I was in relationship to the parking deck, and they said they had no idea.

15. As a final note, I did find it odd that, throughout the day/night, I saw a few dozen military ballots be counted. Although I cannot provide specific numbers or names, I can estimate that at least 80% of the military ballots I saw were straight ticket democrat or simply had Joe Biden's name filled in on them. I had always been told that military personnel tended to be more conservative, so this stuck out to me as the day went on.

Today, November 3, 2020, I witnessed a duplication  
of voter ballots in ICC # AUB #112 at  
1350 Mrs. Whitaker a residential precinct. When  
I asked to validate they asked to ~~stop~~ <sup>stop</sup> ~~be~~ <sup>be</sup> ~~come~~ <sup>come</sup>. When  
supervisor came, the reason given ~~was~~ <sup>is</sup> was the  
ballots 46 in total were rejected. They were  
processed at AUB 121 instead of 112. They processed  
46 ballots, realized they had errors and started  
to reprocess 46 ballots. Some appeared to be  
dupes already because of initials, original  
numbers are missing.

No electronic record keeping was done.

**AFFIDAVIT OF CHRISTOPHER SCHORNAK**

Christopher Schornak, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. I went to the TCF Center in Detroit to be a poll challenger, Election Integrity Fund, Non Partisan Participant on November 4, 2020. I arrived at approximately 10:30am.
4. At each counting board, the poll workers attempted to block me from observing. I was verbally abused and intimidated by not only the Democratic poll challengers but the ACLU and other organizations.
5. I primarily attempted to observe counting board 88 and 89.
6. I observed ballots that were not in the electronic log or the paper poll log. These would be considered spoiled ballots . I observed these ballots be counted.
7. I observed a poll worker attempt to match the voter to the paper log. When she was unable to make the match, she would put the spoiled ballots into a separate pile and go away from the counting board for a while. She would return approximately 20-30 minutes later and return the spoiled ballots to the pile of ballots to be counted.
8. I observed this same poll worker do this same process over many tables and over many hours.
9. I attempted to challenge these ballots to a supervisor and was told “We are not talking to you, you cannot challenge this”.

10. I went back and spoke to the attorney of the Election Integrity Fund and was instructed to challenge. After much opposition, I was finally able to log challenges.
11. Ballot #7909 was reassigned to Ballot #0976 at counting board 88 @ 11:35 am, the ballot number did not match the electronic record. The voter's name was
12. Another poll challenger Abbie Heilmanen also observed this challenge.
13. Ballot # 5748, reassigned to ballot #505 Board #89, the ballot number did not match the ballot book or electronic record. The voter's name was
14. Another poll challenger Abbie Heilmanen also observed this challenge.
15. I attempted to make other challenges but was denied access to ballot numbers or names.
16. There was a stack of at least 40 ballots that could not be authenticated with the ballot book or electronic record, but was told they would not be challenged because they just had to be counted.
17. This was similar amongst the eight tables that I observed.
18. I observed that the military ballot duplication process was only performed by two Democrats rather than one Democrat and one Republican.
19. I also observed that none of the poll workers had any identification as to their name or party affiliation as required by regulation. I asked if there were any Republicans present and was told "no".

20. When I asked for the number of ballots that had been counted or processed at each counting board, I was denied information. I was told I had to get it online. I requested a print out and was told to access it online. Therefore, I was unable to get a total vote count from each counting board.

### **AFFIDAVIT OF Colleen Schneider**

Colleen Schneider, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.

I was down at TCF building to help with the absentee ballot counting. When I arrived, they said they could not allow any republicans in due to it being their maximum count. I don't know how many republicans vs democrats there were because we didn't get in. We waited upstairs and eventually just said we'd all just go down together and go in, which we did. When we got in there, I walked over to the people I thought were in charge and asked what I should be doing. I was assigned a table to monitor but they were not doing anything so I went to the table across from it because no one was there. In fact I didn't see any republicans around me at all. I raised my hand to challenge and get an attorney over there and the woman who I assume is in charge of the table started yelling at me and telling me I can only challenge something that is on the computer screen. They were finding several ballots that were scanned but they wouldn't allow me to see the pages they were looking through to confirm the name was on there.

After being called several derogatory names by the entire table (there was a girl video taping it even though video was not allowed) a man came over to me and told them he was my attorney. Then they started screaming that two republicans cannot be at the same table, called the police and the police escorted him out to loud cheers from ALL of the workers. Then she told me she was calling the police on me because I "told them they had to stop the count". I told her that I did not say that, but only told HER, the supervisor, to have them stop the count because I was

challenging. She told her table to continue counting the votes. Then she said that I didn't intimidate her, to which I replied that she didn't intimidate me either.

Eventually I moved away from the table. There was not one republican that I could see and at this time the doors were locked to all republicans coming in. We could not leave to go get food or drink in our assigned room because we were told we would not be let back in. (The people employed in the room had food and water available to them).

I also witnessed the people putting ballots into the scanning machine and they would get jammed and they would run them through again. I asked the first set of women if they were getting counted twice and they said no. I moved down the line and asked again and I was told to pretty much mind my own business. I cannot remember the exact words. I did tell someone about it though and they said they would look in to it.

We finally gave up and left the building because we could see that we were not able to challenge anything that we saw.
