

State of MI

EUGENE G. DIXON

Assidair

I, Eugene Dixon, a registered voter
at 3532 Hall Ln., Bloomfield Hills
MI.

At Appx. 1pm. I discovered two
ballots being duplicated at Precinct 11, 51.
Inspector did not know party
affiliation at tables and the two
ballots were duplicated by 3 people
who initialed the 2 original ballots
and placed them in the manila envelope.
The new ballots were then placed in
the tray for tabulation.

11/08/2020 Francis Cizmar, being sworn under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit, and if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the state of Michigan.
3. On November 4, 2020, I went to the TCF Center as a poll challenger. I was issued credentials when I signed into work.
4. I arrived at 6:00am and left at approx 8:30pm.
5. While I was in the counting area, I ^{personally} observed the following:
 - A) Provisional ballots were put into a box labeled "votes to be tabulated." I filed an incident report and turned it into the supervisor in the Republican poll challenger office. This incident took place at table 1CC12, Absentee Voter Counting Board 58 at 12:30pm.
 - B) "Problem ballot" boxes containing ballots were left unattended at tables 46, 48, 61, and 62. No election supervisors or poll workers were present.

c) At approximately 3pm, at table 55, a poll worker was seated ~~at~~ at inspector station 5. I personally observed this poll worker shuffling and re-arranging the ballots to be tabulated. This went on for at least 5 minutes. ~~I~~ I did not understand why this was needed, and I did not see the ballots being put into the box labeled "votes to be tabulated."

D) I was present when poll challengers were forcibly removed from the counting room. I recall this taking place about an hour after I was informed that the President ^{Trump} requested that the counting be stopped when he learned that poll challengers were being denied entry. When these ejections took place, there was a lot of shouting of approval and applause ~~is~~ ~~the~~ from the poll workers and election supervisors in the room.

E) At approximately 1pm, I was standing near the entrance to the counting rooms. About 15 feet in front of me was a group of three men, one of whom had a crutch. The men were about 6 feet tall. The man with the crutch took out his phone, held it up above his head, and began videotaping the area where the tabulating machines were located.

E) continued. The man took a video of about 10 seconds, then put the phone in his pocket. The group of three men turned to face me. I did not see any type of identification or party affiliation on any of them. I walked swiftly to an election worker and reported what I saw, which was the videotaping in the area where pictures and videos were forbidden. When the three men came close to this election worker and me, the election worker told the men that videos and pictures were not allowed in the counting room. One of the men replied in a harsh tone "we didn't take any pictures or videos." The election worker replied "don't do it again" but did not ask the man to delete the video.

F) I witnessed a poll worker at inspection station 2 locating the record of an absentee voter using the Electronic Poll Book on a laptop computer. I was standing approximately 3 feet behind her to her right. After she scanned the envelope, no record came up. She then started typing the voter's name into the electronic poll book. The date of birth field was blank. The poll worker

F) Continued: typed 01/01/1900 into the date of birth field. This would indicate that the voter would be 120 years old. Certainly possible, but improbable. I challenged this record. The Election Supervisor came to the table and told the poll worker to delete the record. I could not confirm if the record had been deleted. The ballot number was 06366.

G) When the military ballots were starting to be transcribed, it was about 7pm. I was at a table where a military ballot was being transcribed. There was one person speaking the vote choice on the military ballot to another poll worker to her right who was copying the vote choices onto a standard ballot. There was a person without any identification and dressed as a regular person without a department of elections shirt/blouse on. One of the table poll workers came to my right and told me to maintain a 6 foot distance. I replied that the 6 foot order was relaxed. She insisted that I back away. I asked who this person standing between the reader and copier was. I was told she is a poll worker who needed to monitor the process. The person without poll worker credentials had both

6) Continued: elbows out to her side, preventing me from observing the ballot copying. The person who told me to keep a six foot distance said that if I did not comply I would be evicted. I left ~~the~~ the table to find another one so I could remain in the counting room. I felt very intimidated.

7) When the military ballots began to be distributed to the counting tables, Election Supervisors would grab 2, 3, maybe 4 at a time, which made it impossible for us to cover all of ~~the~~ the ballot transcribing. I believe that this was done on purpose.

8) The counting room supervisor would announce over the PA system that he needed to meet with Election Supervisors and Table Leads many times during the time I was in the counting room. This was very distracting to those of us trying to concentrate on what was going on at the tables we were trying to monitor.

George L. Bowler, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am ^a registered voter in the state of Michigan.
3. On Wednesday Nov. 4 I was present inside the TCF Center as challenger for the MiGOP.
4. I identified myself to Robert who was issuing credentials for ~~#~~ challengers.
5. I was issued a credential and after a ^{wait} ~~wait~~ about one hour, went with a group of GOP challengers to an entrance of the ~~the~~ vote counting area.
(Note: the counting area for about 15-20 minutes)
6. ~~I went~~ I stood outside waiting to be admitted for ~~about 15-20 minutes~~ admitted.

7. Finally a lady opened the door in the
~~presence~~ presence of a ^{female} poll worker.

8. I heard the lady tell the poll worker
that ^{she} was a challenger for MiGOP and was
leaving the counting area for an extended
time.

9. ~~The poll worker~~ I mentioned to the lady and
the poll worker, that I was a challenger for the
MiGOP.

10. The poll worker said the soon as the
lady left the counting area, I would be
let in to replace her.

11. The lady left the counting area but held the
door open for me to enter.

12. I entered the counting area and was directed
by the poll workers to a table where I would be registered.

13. I stood in front of the table when another
female poll worker came over and in the
presence of the first poll worker ~~was told~~ told
that I would have to leave the counting area.

14. I explained to this other poll worker that I was simply replacing a challenger who had left the counting ~~sooty~~ ~~sooty~~ area.

15. This other poll worker ~~had~~ repeated that I would have to leave.

IN GOOD STANDING

16. I AM A MEMBER OF THE STATE BAR OF MICHIGAN, ATTORNEY NO. P10972.

17. I DID LEAVE THE COUNTING AREA, AND OBSERVED POLL WORKERS COVERING AREAS ~~near~~ ~~of~~ THE COUNTING AREA ~~which I~~ CLASS TO BLOCK VIEWS OF THE INSIDE

18. I HAVE PHOTOS ~~taken~~ took from outside the counting area, and I forwarded them to Ryan ~~Leppert~~ Leppert.

AFFIDAVIT OF Gina Paschke

Gina Paschke, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. I arrived at the TCF Center at approximately 12:30pm on November 4, 2020. I was assigned table numbers 110 and 111. Two precincts. I was told that I was not allowed to come closer than 6 feet from the tables or the screens. I was also told that I could not walk between the tables, only around them. This made viewing the screens that were supposed to be available to me impossible to view.
4. I was told that I could not speak to the poll workers at any time. The only question I could ask is what their party affiliation was. I did ask one of my tables this question and was promptly told that I was in violation by speaking to them. I cordially told them I was told I was in accordance with the rules and they responded by saying that they refused to answer my question.
5. Upon exiting and signing out of the TCF Center, I and two other Republican poll watchers asked that 3 other Republican representatives be allowed access upon our departure and they refused to allow that access based on they're count of number of watchers in the room at the time. I contend that the Republican poll watchers were understaffed in the TCF Center poll room.

AFFIDAVIT OF HEIDI KIILUNEN

Heidi Kiilunen, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. I went to the TCF Center in Detroit to be a GOP poll challenger. I arrived at approximately 11:30am.
4. I reported to the GOP room to obtain my credentials.
5. I entered the Center where the counting was occurring. I observed GOP poll challengers being escorted out of the room to the cheers and clapping of all the poll workers.
6. I was only in the room 2 hours.
7. When I left, I inquired as to signing out and was told we I not need to sign out and to exit through a side door. This prevented replacement workers due to there being no record of the number of GOP poll challengers signed in versus the number of GOP poll challengers signed out.
