

AFFIDAVIT OF Kathleen Daavettila

I, Kathleen Daavettila , being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. On September 23, 2020 my husband and I filled out and sent in applications to work in the Detroit election for the November 3, 2020 presidential election. On the application we specified that we are not flexible to work at any polling site and would like to work at the TCF center absentee voter count board.

On October 1, 2020 both my husband and I received a voicemail from Will Griffin at the City of Detroit Elections Department, calling to let us know that our training was scheduled for October 6, 2020 at 1:30pm, and that the location of the training was the northwest Wayne County Community College Campus located at 8200 West Outer Drive, Southfield, MI and that I would be in room 101G.

On October 1, 2020 I arrived for the training at said location. Upon arrival I was told that the training was moved to a different building, which it was. When I got to the training location, I was asked where I was told to go, and I told them room 101G, so I was sent to the coordinating room at the new location. At the introduction of the training the instructor informed us that we will be working as Electronic Poll Inspectors. I raised my hand, and I asked, "What about absentee ballot counting at the TCF center, that is what I signed up for." The instructor then told me that they needed 1,100 people to work at the absentee counting board TCF center and they filled them right away, so there is no need for them right now. But that I could call 313-876-0227 and tell them when I signed up and ask where I am on the list. After this I left the training. As soon as I got out to my car, I called the number, and it rang and rang and

rang with no answer. I called multiple more times that day, and the next day, each time with no answer, and no going to voicemail.

On Wednesday November 4, 2020 my husband and I went down to the TCF absentee counter board in response to the call for more Republican poll watchers/challengers. After getting our credentials we went into the absentee counter board room. The room was larger than a football field with people everywhere. While I was in line in to check-in in the counting room, I started talking to someone in a group that was wearing our yellow GOP wristband. They had a packet of instructions with the heading relating to, "Tactics to Distract GOP Challengers", which he let me borrow to read, unfortunately I didn't get time to read anything else on it. Another man in the group started telling me, "our main job is to distract and disrupt the GOP challengers," then a woman in the group grabbed the packet of papers from my hands and said, "no, no, no, she's a republican, she doesn't need that, bye, bye."

When we checked in, we had to write our party affiliation, our name, and the time that we checked in, looking at the sign in sheet, there were over 10 times the amount of democrats than there were republicans (this was verified as we checked out later, when the person working at the table had to flip through many pages to find my name to check me out.)

The atmosphere in the room was very hostile towards me. Numerous times I had poll workers and democrat challengers screaming at me, if I took a step closer to the table to get a better view of the ballot, if another republican walked by the table or stopped to ask me a question, if my mask started to slip and show the top part of my nostril, multiple times I was told I was going to get kicked out if any of those things happened again. At one point when I was challenging a ballot where the ballot number in the computer did not match the ballot number on the ballot and envelope, the poll worker did not write that I challenged the ballot in the remarks, so I kindly asked if they needed to write my name that I challenged the ballot, as they had previously. When I

asked, about 4 or 5 democrats that happened to be right next to the table (remember I was hollered at if even one other republican even walked close to the table while I was standing next to it) started screaming at me that I am not allowed to talk to the workers at the table. A couple of minutes later a male supervisor came to our table and started hollering at me that I am not allowed to talk to the workers or interfere with the process, and that I am going to be kicked out if I do that again. I kindly apologized to him and I did not say a single word nor even make eye contact with anyone at the table for the remainder of the time that I was there.

On the contrary, multiple other democrats stopped to visit with the democrat challenger at the table, one even stood right next to her as they both watched the screen together and talked about the ballot. Nothing was said by ANYONE to them about having more than one democrat at the table. I did not say anything as I did not feel safe to (I am a small (5'3" 130lb) pregnant white woman), for fear of getting screamed and hollered at if I opened my mouth. Also, about a half an hour after the supervisor stopped to holler at me about saying something to the table worker, both the "non-partisan" and democrat challengers huddled next to the worker at the computer who was scanning the ballots, and talked to them for at least a minute. Again, I did not say anything for fear of being screamed at.

I found it interesting that every ballot that I challenged where the computer ballot number and the ballot and envelope number did not match up, the partisan challenger nor the democrat challenger ever challenged the ballot.

Each ballot that I challenged, a remark was noted in the computer that the numbers did not match up, and then the ballot was processed anyway.

Also, the entire time that I was at the TCF center, I did not see a single signature verified by any registration document.

Around 3pm more and more police officers started to show up. Around this time the doors

to the room were closed and they would not let anyone else into the room, and the windows into the room started getting covered with cardboard and paper. It was also around this time that the GOP issued a lawsuit to stop counting ballots. It started to feel more unsafe in the room, people started chanting, "stop the count!" while others chanted, "keep the count!". They continued to count ballots, I let the supervisor know that every ballot counted past the time of the lawsuit I am challenging. The supervisor said that after the process all of the ballots, they will make a blanket remark stating that all ballots after that time are being challenged.

I was not treated with respect by a single person that I had interaction with (whether I wanted that interaction or not, with random democrat challengers hollering at me) except for one male supervisor, that I spoke with when I was challenging every ballot after the lawsuit was filed.

Let it be known, that I did not respond to a single person who hollered or screamed at me except for when I kindly apologized to the supervisor after I had spoken to the poll worker who had not written that I challenged the ballot.

Between 3pm and 3:57pm I witnessed three white males being thrown out by the police (all on separate occasions,) each time it happened, the entire room burst out into cheering and clapping. The outbursts that I heard around me when this happened was, "must be a Trump supporter!"

My husband and I checked out at 3:57pm, as I was in fear of safety for myself and my unborn baby. We wanted to leave before the hostility escalated any further. After we checking out, we had to leave through a back exit, directed by police.

1. On November 4, 2020 at TCF Convention Center, Detroit, I was assigned to observe two tables, table 111 and 113. The monitors weren't on and the ballots weren't at the tables, poll workers were sitting at their tables reading, napping and just waiting in their seats. At one point, an announcement came on asking pollsters who were counting ballots to raise their red flag, in the entire room of hundreds of pollster tables, I only saw three flags raise and they weren't at the tables I was assigned to. The table next to my assigned table that didn't raise a flag had a group of young men at it and on the table was a green sign marked as 11. On occasion, my friend and I would catch these men looking up at us and stopping what they were doing if they saw us watching them. We would randomly see them shuffling through what we assumed to be a list of names and stack of ballots that they kept in front of them. They two young men looked suspicious because they kept looking our way. The monitors weren't on for us to observe. I went to bring this attention to the attention of a Supervisor. The Supervisor told us they were just prepping before the count began and that it was okay.
2. About two hours later, after standing around waiting for the observation, we noticed the men were passing a stack of the orangey-yellow ballot envelopes over to the pollster's table lead. The lead then passed the stack on to a woman who took them and walked off. At this point we had been briefed that we could challenge things because of pending litigation. When I challenged the person walking with the ballots, she ignored my request to challenge her and kept walking. I called over a supervisor. At that moment a Civil Rights person came over and said I have no right to challenge and asked on what basis I was challenging. I explained that it was allowed and he said I was wrong, meanwhile the ballots were walked

off to the podium - unobserved. I was told we couldn't do a thing about it other than write it down on a piece of paper.

AFFIDAVIT OF Linda Cavaliere

Linda Cavaliere, being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. On Wednesday, November 4th, I arrived at 11:30 am to work as a Republican Poll approximately 50 people that were being instruction on being a Poll Challenger. The last direction given by the leader “was to make sure the Republicans were following the rules and not nit picking, harassing and interrogating us” I soon realized that “us” were the DEMOCRATS. They were all escorted in freely without any inference. I was told to report to room 260, which was located on the other side of the building. Nowhere near the auditorium where the ballots were being counted. Upon arriving to room 260, I was given instruction again in a very civilized manner. I waited about 30 minutes in room 260 with about another 50 Republican Poll Challengers. Our leader instructed us that we needed to wait to be called in because the room was at capacity. How could this be when I just witnessed at least 50 Democratic Poll Challengers go in without any hesitation??? This is when I took it upon myself to go down and attempt to get into the ballot area. I was allowed in. This is where I realized what was happening. I notified several leaders that there was many other GOP’s waiting to be admitted. I kept seeing more and more Democrat workers arrive. I felt outnumbered and intimidated. There were many more Democratic Poll Challengers in the arena than Republican Poll Challengers. I was assigned 2 stations to watch over. The stations were to have 5 Poll workers at each table, this was rarely the case. At times there was only 2 people there.

There were loose ballots everywhere, on tables even on the floor. No organization whatsoever. When I questioned this, I was basically shut down. I witnessed questionable ballots being entered, instead of being held for review. I tried to get a reporter to let me explain what I was seeing, but she told me that I needed to step aside. People from my party were being escorted out for no good reason, while the Democrats applauded and cheered. After 6 hours, I decided to leave. The environment was very unprofessional, unorganized and frankly very disappointing. I can honestly say that there was nothing right about what was going on there.

AFFIDAVIT OF LINDA SAWYER

LINDA SAWYER being sworn, declares under penalty of perjury:

1. I am personally familiar with the facts stated in this Affidavit and, if sworn as a witness, am competent to testify to them as well.
2. I am a registered voter in the State of Michigan.
3. PRECINCT 144 operating as a poll challenger. Two poll workers were both democrats. As a challenger not 6' table to made to sit on a couch. Requested printout refused to provide.
4. Two voters in front of me did not surrender their absentee ballots. There were given regular ballots and not challenged ballots which I had questioned as I was surrendering mine. Only made to sign an affidavit.
5. Attended TCF from 10:00pm until approx. 6:00 am. Table challenger felt persistent intimidation by workers at counting table #123. Initially attempted to follow a ballot around table, supervisor restricted access and ordered you to occupy a distance space that obscured my ability to properly observe. A second election official kept stepping between me and the monitor to further obscure her ability to observe. Inspector #1 scanned label so quick I was unable to observe the numbers. Inspector #2 yelled at table #120 to not talk to me during a downtime, came to threatening removal.
6. At TCF table #118, single ballot returned to the table after processing, official examined ballot then placed it into a secrecy envelope in front of inspectors 3 & 4, until I left. #3 opened the secrecy envelops for processing. Then given to #4 to roll and flatten to be run through tabulator. This was an attempt to re-run this ballot. It should have been entered into the problem balloting for re-processing and I question why it was brought back to the table.

7. Also TCF counting #123 I challenged a name not on the supplemental list, table supervisor took the suppl list to the command center, came back a told me the particular voter had registered the day prior and I was told I could not challenge. I questioned that was the purpose of the supplemental list and she said they may still not show. I disagreed. She still refused my challenged.

8. Also TCF counting table #118, A bin of ballots that were never handed to Inspector #5 to tabulate they remained on the table for hours and not sent to tabulation. Still there when I left.

9. Also at TCF counting table # 123 I was observing counting table noticed box of ballots on table to be processed, left for 15 minutes upon return to table #123 notice the box of ballots were gone as well as inspector #4. Inspector 5 was still present who normally takes them to be tabulated. Went to tabulation 123 to look for inspector #4 with ballots, she was not present. Return to counting table #123 noticed earlier procedure had changed. Inspector #2 would remove ballot from secrecy envelope to verify the number, but now inspector #3 did the exact same thing and did not tear off the number, the ballot went to inspector #4 who did same thing as inspector #2, no one was visually removing ballot to process for tabulation. Ballots were stacked in their secrecy sleeves after inspector #4. Unsure of what happened to stacked ballots, as they could not be tabulated as stacked.
