DECLARATION

I make this Declaration of my own personal knowledge, and I am competent to testify to the matters contained herein.

1. I served as an official legal observer of the 2020 general election. I observed at the following location(s): _Oct 17, 2020 and Oct 21, 2020 at the Maricopa County Tabulation and Election Center in Phoenix, AZ. I also observed at the Happy Trails Voting location, Surprise, AZ on October 28, 2020 _____.

2. While serving as an observer, I personally witnessed the following: At the MCTEC site I observed in 2 different locations: signature verification and ballot processing. In the signature verification room on October 17 I was told to remain at a card table which was at least 10' – 12' from where all of the computer monitors/screens were turned away from me and I was unable to see any of the signatures during the process. On Oct 21 there were more screeners in the room and I was able to turn my chair to observe 2 screens approximately 6 – 8' from me. In this area of the room there were 3-5 screeners looking at “Low Confidence” signatures for the entire afternoon until there was a power outage for approximately 15 – 20 minutes. The “Low Confidence” signatures were indicated at the bottom of the screen with a bright yellow banner. I asked the woman who we were allowed to speak with (Celia) what happened to these signatures and were these votes counted. She informed me that they were counted and that the “Low Confidence” indicator was a new program that they were testing. Following

the brief power outage a quiet discussion among the 3-5 screeners that I could see were looking at Low Confidence signatures was that at least one of them that I could see was now looking at High Confidence signatures. Since I was able to see the Low Confidence signatures earlier I was disturbed that; 1. there were so many screeners looking at the Low Confidence for an entire afternoon 2. that the signatures were not even close to the signatures that they were “comparing” the ballot signature to and 3. I was told by Celia that these signatures were counted I communicated this with Gina Swoboda, who was my contact for observing. In the ballot processing room there were 75 -90 processing tables with, I was told, one Republican and one Democrat on each side of the table. I was told to remain in a yellow taped area which was at least 15' from any of the tables. I couldn't see anything that they were doing other than removing ballots and comparing the number on the ballot to the number on the envelope and then separating the ballot from the envelope. It appeared that they were only to record information with a red pen and the process seemed appropriate. The room was the size of a gymnasium and I really couldn't observe anything specific, although I tried to observe when individuals had questions and when they were filling out there 'reports.' When the press arrived on October 21 in the morning I found it interesting that the women who had been in a supervisory capacity when I observed on Oct 17 were now at a table “closer” to me and processing ballots for about an hour and a half while several press people with photographers filed in and out.

3. October 28 I observed voting at the Happy Trails site in Surprise, AZ. Immediately after voting started it became evident that the glue on the envelope in which people placed their ballots was not going to stick and the envelopes would not remain closed. People did not want to lick the envelopes or take their masks off to do so. The poll workers used masking tape on these ballots. I called the contact person on my ID and reported this to them. There were many, if not most, of the ballots throughout the day that had masking tape used to close the envelope. I was very concerned that these ballots would not be counted. One of the supervisors at the site went to the election depot to get something to assist in sealing the envelopes. He came back with a small container which they put water in and sealing envelopes continued to be a problem throughout the day. The supervisor didn't seem at all concerned about doing this. I was told to not ask questions or talk to anybody at that point.
