RE: California Public Records Act Request 10-day Response

Dear Mr. McMillan:

I am writing on behalf of the Registrar of Voters for the County of San Diego (the "Registrar"). The Registrar received your California Public Records Act request dated December 10, 2020 and sent after business hours.

Records responsive to your request have been identified and are being collected and reviewed.

The enclosed documents are already available and are being provided to you now. These documents respond to request # 5 and request # 47. We will release additional non-exempt responsive documents on a rolling basis as they are available, subject to and without waiver of any applicable exemptions under state and federal law.

If you have any questions in the interim, please let me know.

Very truly yours,

THOMAS E. MONTGOMERY, County Counsel
