Re: Public Records Act Request

Dear Mr. McMillan:

This is in response to your California Public Records Act request submitted to the Los Angeles County Registrar-Recorder/County Clerk ("Registrar") on December 30, 2020, and forwarded to this office for response.

Specifically, you sought the following:

"2 CCR § 19060(c)

(c) The Secretary of State shall maintain the official statewide voter registration system. County elections officials shall synchronize voter registration records in the county election management system with the statewide voter registration system and use the official statewide voter registration system to determine eligibility to vote

1. Provide those documents identifying, by date, time and means, all synchronization transmissions between the California Secretary of State and the county Registrar of Voters.
2. Provide those documents with the results of each synchronization transmission between the California Secretary of State and the county Registrar of Voters, by number of registrants confirmed as valid, and those that are identified as invalid.

2 CCR § 19061. Immediate Action Required.

Unless otherwise provided in state or federal statute, state or federal regulation, or a binding court decision, if a county elections official receives notification from a voter, the Secretary of State, another county, or a court requesting or directing a modification to a voter's registration record, the county elections official shall immediately take all reasonable actions to apply the modification or research and resolve the notification, including but not limited to, reviewing registration and voting history, reviewing source documents, matching signatures, or contacting the voter directly. The notification shall be resolved no later than five (5) business days from receipt by the county elections official. The modification shall not be effective until the county elections official has submitted the update to the statewide voter registration system.

3. Provide those documents which reflect notifications from the Secretary of State requesting or directing modifications to a voter's registration record between September 1, 2020 and November 15, 2020.

4. Provide those documents that reflect, in summary form, the modifications to the voter registration record, by date, time, and by any unique voter registration number or name of voter, for those records modified between September 1, 2020 and November 15, 2020.

2 CCR§ 19064. County Security.

(c) Each county shall complete a security assessment of its election information system prior to a statewide primary election. The security assessment shall evaluate the:

(2) Active management (inventory, tracking, and correction) of all software on the network so that only authorized software is installed and can execute, and unauthorized and unmanaged software is found and prevented from installation or execution.

5. Provide those documents identifying where, by geographic location, ballots were counted in the County between October 15, 2020, through November 30, 2020.

6. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting "Active management (inventory, tracking, and correction) of all software on the network

so that only authorized software is installed and can execute" took place in compliance with 2 CCR § 19064(c)(2).

(3) Establishment, implementation, and active management (tracking, reporting, and correction) of the security configuration of laptops, servers, and workstations in order to prevent attackers from exploiting vulnerable services and settings.

7. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting "active management (tracking, reporting, and correction) of the security configuration of laptops, servers, and workstations in order to prevent attackers from exploiting vulnerable services and settings" took place in compliance with 2 CCR § 19064(c)(3).

2 CCR § 19064(c)(9) Active management (tracking, control, and correction) of the ongoing operational use of ports, protocols, and services on networked devices in order to minimize vulnerabilities available for attack.

8. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting "Active management (tracking, control, and correction) of the ongoing operational use of ports, protocols, and services on networked devices in order to minimize vulnerabilities available for attack" took place in compliance with 2 CCR § 19064(c)(9).

9. Provide the log files for all data traffic, including connection requests accepted and refused, between the county's election information file and any other location between September 1, 2020 and November 15, 2020.

2 CCR § 19064(c)(15) Tracking, controlling, preventing, and correcting the security use of wireless local area networks, access points, and wireless client systems.

10. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting "Tracking, controlling, preventing, and correcting the security use of wireless local area networks, access points, and wireless client systems" which took place in compliance with 2 CCR § 19064(c)(15).

11. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting the inventory and

identification of all wireless connections in the County's ballot processing location.

12. Provide those documents, i.e., logs, narratives of inspection, created between September 1, 2020 and November 15, 2020 reflecting the inventory and identification of all wireless-capable devices in the County's ballot processing location.

13. Provide those documents, identifying by serial number, MAC address, device, and location, and the custodian of, all wireless-capable devices in the County's ballot processing location between November 2, 2020 and November 13, 2020.

2 CCR § 19064(c)(19) Protection of the organization's information, by developing and implementing an incident response infrastructure (e.g., plans, defined roles, training, communications, and management oversight).

14. Provide those documents, reflecting any incident response infrastructure (e.g., plans, defined roles, training, communications, and management oversight) operational prior to October 15, 2020, which took place in compliance with 2 CCR§ 19064(c)(19).

15. Provide those documents, reflecting training on any incident response infrastructure (e.g., plans, defined roles, training, communications, and management oversight) prior to October 15, 2020.

16. Provide those documents, reflecting roles on any incident response infrastructure (e.g., plans, defined roles, training, communications, and management oversight) prior to October 15, 2020.

17. Provide those documents, reflecting communications on any incident response infrastructure

(e.g., plans, defined roles, training, communications, and management oversight) prior to October 15, 2020.

18. Provide those documents, reflecting management oversight on any incident response infrastructure (e.g., plans, defined roles, training, communications, and management oversight) prior to October 15, 2020.

2 CCR§ 19064

(d) Each county and its EMS vendor shall take the following security measures to provide security for the county's EMS and election information system, as well as for environments that interface with the statewide voter registration system and/or contain statewide voter registration system data:

(1) At all times servers hosting county voter registration and election information systems including the county's EMS as well as any Secretary of State property, such as routers, shall be secured in a designated area away from public access. The designated area shall be secured with a method to determine the identity of each person that has accessed the designated area and unauthorized access to this designated area must be detectable

19. Provide those documents reflecting the identity of each person that has accessed the routers for the county's EMS and election information systems between October 15, 2020 and November 13, 2020.

2 CCR§ 19064(d)

(2) Only staff authorized by the county shall have physical access to servers hosting the county's EMS and election information system, including servers containing the county's EMS as well as any Secretary of State property, such as routers.

20. Provide those documents which identify all persons, not permanently employed by the County, who accessed servers or routers of the EMS and election information system between October 15, 2020 and November 14, 2020.

2 CCR § 19064(d)

(3) The county's EMS and election information system shall only be accessible by persons authorized by the county.

21. Provide documents which identify all persons authorized by the county who accessed servers or routers of the EMS and election information system between October 15, 2020 and November 14, 2020.

2 CCR § 19064(d)

(4) No peripheral devices (e.g., disks, flash drives, smartphones, etc.) shall be attached to Secretary of State property, such as routers, installed at the county.

22. Provide those documents which identify all persons with USB or "flash drives" that were allowed access to any location where votes were tallied or processed in the County.

2 CCR § 19064(d)

(12) Direct user access to the county's EMS and election information system shall require, at a minimum, single sign-on authentication. However, effective July 1, 2021, direct user access to the county's EMS and election information system shall require, at a minimum, two (2) sign-on authentications.

23. Provide those documents which identify all persons with sign-on authentication authorization as a direct user to the county's EMS and election information system between September 15, 2020 and December 1, 2020.

2 CCR§ 19064(e)

(e) The county's EMS and election information system shall implement security log management, which includes the following:

(1) Log all systems and network devices with sufficient information collection.

(2) Securely store log files separately from the systems monitored, keep these files archived, and protect these files from unauthorized modification, access, or destruction.

(3) Use log monitoring tools to send real-time alerts and notifications.

(4) Utilize multiple synchronized United States-based time sources.

24. Provide the log files for the county's EMS and election information system with entries between September 15, 2020 and December 1, 2020.

25. Provide those documents or records reflecting a network topology plan or map referencing the devices attached each other device within the county's EMS and election information system.

26. Provide those documents or records reflecting the log monitoring tools used to send real-time alerts and notifications.

27. Provide the "real-time alerts and notifications", as referenced in 2 CCR 19064(e)(3) sent between September 1, 2020 through December 10, 2020.

2 CCR 19064(f) Counties shall regularly review log(s) for any errors, abnormal activities, and any system configuration changes.

28. Provide those documents or records reflecting review, at any time, of "any errors, abnormal activities, and any system configuration changes", identified between September 1, 2020 through December 10, 2020.

29. Provide those documents which reflect "any errors" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

30. Provide those documents which reflect "abnormal activities" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

31. Provide those documents which reflect "system configuration changes" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

2 CCR 19064. (g) Counties shall report detected unauthorized use, suspected breach, or denial of service attack on the county's EMS and election information system to the Secretary of State Elections Division Help Desk within 24 hours of discovery.

32. Provide those documents which reflect "unauthorized use" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

33. Provide those documents which reflect "suspected breach" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

34. Provide those documents which reflect "denial of service attack" in the county's EMS and election information system identified between September 1, 2020 through December 10, 2020.

2 CCR§ 19079. State Death and Felony Status Records.

(d) Upon receipt of a notice of potential match, the county elections official shall determine whether the registration record matches a record of a deceased person or person who is currently in state or federal prison or on parole for the conviction of a felony which renders that person ineligible to vote in accordance with Section 19061. If a match is confirmed by the county elections official, the county elections official shall accept the potential match and that voter's record shall be cancelled.

(e) When the Secretary of State receives a record of a voter with a federal felony conviction which renders them ineligible to vote, the record shall be forwarded to the county elections official of the voter's county of residence. The county elections official shall process the record in accordance with Section 19061.

(f) County elections officials shall process county death records in accordance with Elections Code section 2205, and upon identifying a match with a voter's record shall submit any change in the registration record to the statewide voter registration system in accordance with Section 19061.

(g) County elections officials shall process county felony records in accordance with Elections Code section 2212, and upon identifying a match with a voter's record shall submit any change in the registration record to the statewide voter registration system in accordance with Section 19061.

36. All records reflecting change in registration status submitted to the statewide voter system by the county due to felony status processed between September 1, 2020, and November 10, 2020.

37. All records reflecting change in registration status submitted to the statewide voter system by the county due to federal felony status processed between September 1, 2020, and November 10, 2020.

38. All records reflecting change in registration status submitted to the statewide voter system by the county due to county death records reflecting voter to be deceased processed between September 1, 2020, and November 10, 2020.
