

Problem Resolution Report

CoSD Contract No. 554833

Schedule 18.2 – Third Party Contracts
ES/CoSD 074

Date: June 5, 2020

Summary:

In accordance with the provisions of the IT and Telecommunications Service Agreement by and between the County of San Diego (“County”) and Perspecta Enterprise Solutions LLC, (“Perspecta” or “Contractor” and hereinafter collectively referred to as “the Parties”) with Effective Date November 15, 2016 (“the Agreement”), agreement is reached on the Effective Date shown below.

Issue or Problem:

1. Section 18.2 (e) of the Agreement provides for a certain Contractor tiered limited liability and Contractor’s indemnification obligations if such liability is caused by the third party listed on Schedule 18.2.
2. Schedule 18.2 does not list the Third-Party Contracts to which the tiered limited liability applies.

Resolution:

1. The Parties agree to establish and maintain a list of Third-Party Contracts to which the tiered liability applies. The list is published by the Contractor as Schedule 5 Report 167 - Third-Party Contracts for Schedule 18.2. Attached to this PRR is a copy of the report as of April 10, 2020.
2. The Parties also agree that any updates to the listing of Third-Party Contracts must be agreed upon by the Parties, as per Section 1 of Schedule 18.2. Therefore, Schedule 5 Report 167 - Third-Party Contracts for Schedule 18.2 shall only be published by the Contractor after County approval is received.
3. The Parties agree to amend Section 2 of Schedule 8.2 as follows:

2. LIST OF THIRD-PARTY CONTRACTS

The list of Third-Party Contracts is published as part of Schedule 5 Report 167 - Third-Party Contracts for Schedule 18.2.

The resolution of the issue or Problem as described in this Problem Resolution Report shall govern the Parties’ actions under the Agreement until a formal amendment of the Agreement is implemented in accordance with the terms of the Agreement, at which time this Problem Resolution Report shall be deemed superseded and shall be null and void.

Problem Resolution Report

CoSD Contract No. 554833
Schedule 18.2 – Third Party Contracts
ES/CoSD 074

All other terms and conditions of the Agreement remain unchanged and the Parties agree that such terms and conditions set forth in the Agreement shall continue to apply. Unless otherwise indicated, the terms used herein shall have the same meaning as those given in the Agreement.

IN WITNESS WHEREOF, The Parties hereto, intending to be legally bound, have executed by their authorized representatives and delivered this Problem Resolution Report as of the date first written above.

PRR 074 - Third-Party List for Schedule 18.2

The contract/subcontract value, as per Section 18.2 (e) of the Agreement, will be calculated based on the total contract value (TCV) of the agreement. In the event that the agreement with the vendor does not determine a TCV, the contract/subcontract value will be calculated based on the combined total value of all POs for the same SOW.

This expectation is for 1 FTE of full coverage. Esbase is the reporting tool implemented during the 2018 CAFR reporting season to eliminate County's reliance on QBIS (County's legacy proprietary CAFR reporting tool). In order to complete this process, the County also requires the development of two additional sets of external reports in order to meet CFTR, LGFA, and other requirements. The purpose of this SOW is to develop and deploy the reports required to meet for additional regulatory obligations. The solution must provide for the following: • Design, Develop, Unit Test and Deploy CFTR reports • Design, Develop, Unit Test and Deploy FRAC reports • Design, Develop, Unit Test and Deploy Changes in Fund Balance reports • Design, Develop, Unit Test and Deploy reports for Rules Validation Matrix, CAFR Journal Lines for Non-FA, Tree View & CAFR Mapping	8/1/2018	6/30/2020	FALSE

IBM	5/21/2019 CID-00511	Labor	Closed	SD-WR-032014	\$ 217,668.00	SD-WR-032014	SOW	2/18/2019	6/3/2019	FALSE
								<p>This change request also includes a scope and budget increase for IBM as the 3rd Party Vendor, with the budget not to exceed \$217,668. The scope increase is for a POC for a person applying for services to submit required documentation in a PDF format file to the ConnectWellSD system through the Customer Portal. ConnectWellSD will then use cognitive technology to evaluate the contents of the file and help determine if the right file or files have been provided by the applicant. If improper documentation has been submitted, the applicant will be notified prior to submitting the document to Eligibility Operations. The purpose of this POC is to test technology and work processes that could support the ConOps to automate the submission and evaluation of documents submitted, and automation for other downstream activities to aid in eligibility determination</p>		
								<p>IBM will provide support the following or other requested activities as needed:</p> <ul style="list-style-type: none"> • Application Development and Testing • Architectural Reviews & Updates • Documentation Updates • Roadmap Development • Solution Recommendation

SYSTEM INNOVATORS DBA N HARRIS COMPUTER CORPORATION	10/10/2018 CID-00455	Labor	Closed	SD-WR-031774	\$ 141,424.00	SD-WR-031774	SOW	Original WR was to assist HHS Vital Records (VR) group in replacing existing cashiering solution. This CR is to add assistance to VR in participating in the ORR (Novah) cashiering implementation. Assumptions: - System Innovators (SI) gets adequate, timely information from WAVE on the VRIS application interface requirements to complete interfaces in step with ORR Cashiering Interface Implementation. Delays could result in significant additional charges to "restart" a SI project. - No updates to requirements documents will be required - No significant updates to approved SDD will be required to accommodate this project. Architects hours added for minor updates, FW rule support, etc. - No gates required for this project (this project will be subset of ORR cashiering project #27531) - PM effort based on modest amount of PM involvement for the duration of the project, through VRIS interface implementation (schedule estimated based on tentative ORR cashiering timeline) - RUs for server are negotiated between ORR and VR, and not included as part of this project - Assumes no changes to VRIS application as part of this project; Assumes minimal support from ES VRIS team for interface integration - Assumes testing will be done by CoSD, WAVE and Novah vendors, with support from ES as needed	10/22/2018	7/31/2019	FALSE
