Re: Demand for Inspection or Production of Public Records Numbers 1 – 69

Mr. McMillan:

I am writing in response to the public records request the San Francisco Department of Elections (the Department) received from you on April 7, 2021. The Department has identified non-exempt records which are responsive to your request and which will be discussed in detail below.

Please note that requests are limited only to records maintained in the normal course of business by the Department and records that are within the Department's custody, control, and access. Please also note that we will not produce records that are privileged or otherwise exempt from disclosure pursuant to State and Federal laws, including exemptions identified in Gov. Code Section 6254, et seq., and additional exemptions specifically incorporated under Gov. Code Section 6254(k). If we have misinterpreted the nature of any of your requests, please let me know and we will attempt to assist you in identifying any non-exempt records that are responsive to the request pursuant to Government Code Section 6253.1(a).

The Department provides detailed records relating to the November 3, 2020 general election on our website: <https://sfelections.sfgov.org/november-3-2020-election-results-detailed-reports>. This page will be also be referenced in this response.

You may also access information relating to Dominion Voting Systems on the California Secretary of State's website: <https://www.sos.ca.gov/elections/ovsta/frequently-requested-information/dominion-voting>

Because key staff in the Registrar's office who will be preparing reports are not presently available to assist with this response, and additional time will be necessary for legal review once that staff is able to produce the reports, responses to requests 59 - 69. We estimate we will be able to provide those responses by May 7, 2021.

Request No. 1:
