Introduction

On behalf of the voters of Napa County, we proudly conduct elections with accuracy, integrity, and dignity. We are excited to have you as a part of our team. You are a part of what makes democracy work.

This Training Guide and all other guides found at the Vote Centers are designed to guide you through the workday at the Vote Centers. The Election Division Staff has made them as detailed as possible to help guide you. If you have any questions throughout the process, the Election Division Staff is there to support you. Do not hesitate to contact the office with any and all questions. Thank you for being a part of our staff and making the Election possible.

Due to the current COVID-19 Pandemic, we have provided each Vote Center with PPE supplies. Each Vote Center will have volunteers from the community that will staff a PPE Check-in Table located outside the Voter Center. These volunteers will monitor the number of voters allowed inside each voter at a time, take temperatures and provide basic monitoring for the Vote Center. They will be provided the Vote Center cell phone number and will be instructed to contact the Leads with any necessary questions.

There will be two additional fifteen minute breaks and one additional hour break. Work with the Vote Center Leads to arrange a break schedule that works best for your group.

Election Regulations

ELECTIONEERING

Electioneering is the visible display or audible dissemination of information that advocates for or against any candidate or measure on the ballot within 100 feet of a Vote Center or an election official's office.

No one may:

- Electioneer within 100 feet of the room where voting is taking place. As used in this section "100 feet of a Vote Center" means a distance of 100 feet from the room or rooms in which voters are signing the roster and casting ballots.
- Circulate an initiative, referendum, recall, or nomination petition or any other petition.
- Solicit a vote or speak to a voter on the subject of marking their ballot.
- Place a sign relating to the voters' qualifications or speak to a voter on the subject of their qualifications.

Forms of Electioneering

- Wearing campaign buttons, badges, or shirts.
- Any item with a political statement or candidates' names may not be displayed within 100 feet of the polls. This includes bumper stickers on vehicles.

Campaign Staff or Volunteers within 100 ft.

If an issue with Campaign Staff or Volunteers occurs at the Vote Center bring it to the attention to the Vote Center Lead and contact the Election Division.

The Vote Center Lead may state the following:

*"Hello, my name is ____ and I'm the Lead for this Vote Center. I'd like to remind you that **California Elections Code Section 18370** states that no one may visibly or audibly advocate for or against any item on the ballot within 100 feet of a room where voting is taking place. Signs are posted at the 100 foot boundary, and I would be happy to show you where you may relocate."*

Exit Polling

Exit Polling is done by members of the media or campaign people interviewing voters after they have voted. Exit polling must be done at least 25 feet away from the entrance of the room where voting takes place.

Media

Members of the press may come by any Vote Center to observe and speak with Election Officers or voters. As with poll watchers, members of the press may not interfere with the voting process. Please ensure that members of the press observe the rules concerning exit polling and that they obtain permission from voters and Election Officers before they record or photograph.

DISABILITY AND SENSITIVITY AWARENESS

Disabilities and the Law

The rights of persons with disabilities are protected by law. It is important for Election Officers to know how to assist voters with disabilities. Make sure you're prepared, aware, and sensitive to their needs. Remember to maintain a positive and accommodating attitude.

Types of Disabilities

- Blindness or poor vision
- Deaf or hard of hearing
- Developmental disabilities
- Learning disabilities (Dyslexia, Attention Deficit Disorder, etc.)
- Physical disabilities

Assisting Voters in a Wheelchair

- Make sure the table has plenty of knee clearance for a wheelchair or scooter
- Talk eye to eye when speaking to a voter in a wheelchair
- Do not touch the wheelchair or scooter
- Never pat a wheelchair user on the head

Blindness or Impaired Vision

- Offer your arm or shoulder
- Provide specific directions, i.e. 20 feet straight ahead
- Assist with filling out the forms
- Use a ruler on the signature line to direct the voter where to sign their name
- Describe the accessibility features of the ICX
- Speak directly to the voter
- Do not pet, feed, or distract a service animal
- Do not speak in a louder tone than usual

Using the Preferred Language

- Voters with disabilities or disability, not disabled voters
- Has a physical disability, not physically disabled
- Uses a wheelchair, not wheelchair bound
- Accessible parking or disabled parking, not handicapped parking
- Avoid referring to persons as 'handicapped'

Deaf or Hard of Hearing

- Stand where the voter can see you
- Speak clearly and directly to the voter. If an interpreter is present; speak to the voter, not the interpreter
- Keep hands away from lips (the voter might read lips)
 - During the COVID-19 pandemic you are required to wear masks, however in this situation it would be appropriate to wear just the face shield so that a voter who is hard of hearing or deaf has the opportunity to read your lips.
- To get the voter's attention, tap the voter's shoulder - do not yell
- Be prepared to communicate with written notes

Rights of Voter with Specific Needs

- Voters with specific needs have a right to an accessible Vote Center.
- Every effort must be made to provide voters with disabilities or specific needs with a way to independently and privately cast a ballot.
- Election Officers must be prepared to facilitate curbside voting if needed by the voter.
- Voters with specific needs have the right to reasonable modifications, removal of barriers to the voting process, and the provision of auxiliary aids or services.
- All eligible citizens have the right to register to vote unless judicially determined to be incompetent or otherwise ineligible because of a current felony conviction.
- It is not the duty of the Election Officer to determine a person's registration status or competence to vote.
- If the individual is properly registered, the voter must be treated in the same way as all other voters.
- Voters are never required to show identification (unless noted in the voter file) or prove their competence to receive or cast a ballot.
- Voters with specific needs should never be asked to mark their ballot at the table where Election Officers are checking in voters. (EC 12280, 14282, 14283).

Rights of Voters with Limited English Proficiency

- Voters who are unable to vote without assistance have the right to receive assistance casting their ballots.

- Voters who are not proficient in English may seek assistance from a bilingual Election Officer or may bring up to two people with them to assist in voting, including children.
- How these voters cast their ballots must be kept private (EC 12303).
- All translated materials, in each language, must be visible and accessible to voters at all times.

Multilingual Materials

All Vote Centers will receive the following materials in English and Spanish.

- All Vote Center Signs
- Election Terms Glossary
- How to Mark Your Ballot
- 'I Voted' Stickers
- "I Speak _____" Badges
- CVR/Provisional Envelopes
- County Voter Information Guide
- State Voter Information Guide
- Voting Instructions
- Voter Registration Forms

Service Animals

The Department of Justice defines "*service animal*" as any animal that is individually trained to do work or perform tasks for the benefit of an individual with a disability. The work or tasks done performed by a service animal must be directly related to the individual's disability. Emotional support or comfort animals are not service animals under Title II and Title III of the ADA, and therefore should not be brought into a Vote Center.

- To confirm if an animal is a service animal, you may ask the following questions:
 - Is your animal required because of a disability?
 - What work or task has the animal been trained to perform?
- If the animal is not a service animal, you can ask the animal (not the person) to leave.
- Even if the animal is a certified service animal, the animal (again, not the person) can be asked to leave if it is posing a danger, has open sores and may be infectious with some disease, or not in control by the owner. Service animals must be in control of the handler.
- It is a misdemeanor by law if a service animal is attacked or attacks another animal.

Emotional support animals are not granted the same public access rights under Title II and III of the ADA as service animals.

CURBSIDE VOTING (EC 14282[C])

If a voter cannot enter a Vote Center:

- Each Vote Center will have a Curbside Door Bell for reaching the vote center staff.
- A Vote Center Lead will go out to greet the voter and bring a Voter Information to obtain the voter's name, address, date of birth, and signature.
- The Vote Center Lead will take the Voter Information Form back to the Check-In Clerk to determine what steps need to be taken to get the voter a ballot.

NOTE: If there is a discrepancy with the Voter Information and what is on file, go back to the voter to clarify. During the COVID-19 Pandemic curbside voting well available to all voters.

DEALING WITH DIFFICULT VOTERS

- As much as possible, stay calm and try not to take the complaints personally. This is hard to do, but it helps keep the situation from getting worse if only one of you is irate.
- Clarify what the real "issue" is. Don't assume: ask, then be quiet and listen. Often the thing we think is the problem is not what's really making them upset.
- Once you are sure what the issue is, tell them that you can appreciate why they are upset/frustrated/disappointed. This makes it clear that you are trying to work with them, not make them feel bad or create a barrier, and it gives you a better chance that they will "hear" your proposed options or solutions, even if they are not what the voter was hoping for.

- Do not feel pressured to do something that is beyond your authority or that is out of line with business objectives.
- Next, lay out any options and ask if any of those will work for them. This helps steer the conversation towards solutions instead of rehashing what did or didn't happen in the past or having to dismiss ideas that may be out of your authority or not allowed by law.
- If asked to do something you can't, explain why. Then tell them what is possible.
- Solve the problem or get them to someone else if it is not your area of knowledge, and provide follow up if necessary.

THE VOTER'S CHOICE ACT

In 2016, the State of California passed Senate Bill 450, allowing select counties to conduct elections by sending all registered voters a ballot in the mail and setting up regional Vote Centers where any voter can visit starting 10 days before Election Day. This is called the Voter's Choice Act. In 2018 Napa County Board of Supervisors approved this new voting model to provide more voting options for Napa County voters.

What changed?

- All registered voters receive a ballot in the mail.
- Voters can return their ballot by mail, designated drop boxes, or Vote Centers.
- Voters don't have to vote their mail ballot, voters can still vote in person or get a replacement ballot!
- Vote Centers replaced regular assigned polling places and are open for longer hours. Now, even a voter who lives in Angwin can access their correct ballot at a Vote Center in American Canyon!

Why the change?

- In 2016, 92% of Napa County voters already voted by mail.
- The steady decline of people voting at a polling place.
- Increased turnout and participation, as seen in other jurisdictions like Colorado and Oregon that have adopted a similar voting model. In 2018 there was a 3 point boost in turn for VCA counties versus non VCA counties.
- Provisional ballots cast over the years show that people are voting where they want. Under the new model, you can also verify in real-time whether a voter has already returned their ballot, eliminating more than half of provisional ballots needed!

HOW TO VOTE IN THE CALIFORNIA TOP-TWO PRIMARY

In a Top-Two Primary, you can cast your vote for any candidate:

- All candidates from all parties will be on the ballot for these contests.
- You don't have to be registered with a party to vote on these contests.
- You can vote for a candidate from any party.
- You can "write-in" a candidate in the Primary Election.
- The two candidates with the most votes will appear on the General Election ballot even if they have the same party preference.

What does party preference mean?

Voters may either register with a political party preference or choose "none". A candidate's party preference does not necessarily mean that they have that political party's support. The list of candidates who receive a party's official endorsement is in the County Voter Information Guide.
