Issue 9 | December 27, 2019

## California Election Update Newsletter

Dear Caleb,

Preparations for your March Elections are underway! We are excited to continue to work with you as you prepare for the 2020 Election Cycle.

As we continue to prepare for the March Primary election, we are hosting webinar sessions on the Logic and Accuracy Testing process. Included in this week's newsletter is a link to register. If you were unable to attend the Election Project Proofing Process webinar - we have provided a link to the recorded webinar as well as the materials provided.

We are continuing to host regional trainings. An additional date and location has been announced below!

We're here to provide the support and assistance you need as we work through this busy time!

---

### March Primary Election Preparations

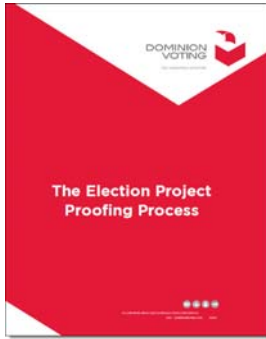

## Logic and Accuracy Testing Webinar

When: Jan 9, 2020 10:30 AM

Topic: Understanding how to complete Logic and Accuracy Testing

[Register now!](#)

After registering, you will receive a confirmation email containing information about joining the webinar.

## Election Project Proofing Process Webinar

Documents and Guides from the Election Project Proofing Process webinar can be accessed at the links below:

## Upcoming Webinars

### Getting ready for your election with Democracy Suite

We are excited to announce our next series of upcoming webinars. We've taken feedback from last year's webinars and elections and worked to prepare a comprehensive series of web-based training sessions to help you understand the Democracy Suite system and how to use D-Suite to its maximum potential in conducting your elections.

The list below reflects the upcoming webinars we will be hosting. Invitations to these webinars will be sent in the upcoming weeks:

#### **Understanding the Election Summary Report**

This webinar will cover a detailed explanation of each parameter included in the standard Election Summary Report, and the new 2 Column Election Summary Report, as well as how to use these parameters and filters to create the reports that you need, when you need them!

#### **Understanding Adjudication**

This webinar will detail the impacts of actions taken in adjudication - how adjudication activities affect ballot tabulation, how to resolve quarantined ballots, and how to use the reports in the application to understand the adjudication activities that occur in the election.

#### **Automatic Results Reporting to the CA SOS**

This webinar will detail how to use the results reporting

features in Democracy Suite to produce the exports necessary for uploading results to the California Secretary of State's office.

#### **Election Day Preparation**

This webinar will review the election day activities - from polling place equipment to central counting and reporting - and the items to be prepared for to successfully handle Election Day.

#### **Reports and Exports for Canvass / 1% Manual Tally / RLA**

This webinar will detail how to use and understand the reports and exports available for canvassing your election and conducting the 1% manual tally.

## Democracy Suite 5.10 Version Future Regional Trainings

Join us to learn more about 5.10 and share best practices with your fellow Democracy Suite users!

**NEW DATE AND LOCATION!**

### Host: Kings County

**Ballot Handling and Polling Place Equipment**  
January 22 - 24, 2020  
9 am - 5 pm

Link to register:  
[Register now!](#)

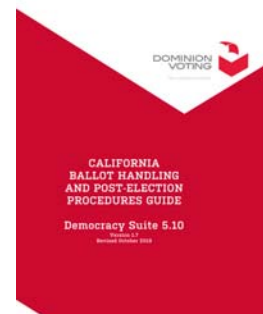

## Democracy Suite 5.10 New Features Section!

As we continue training and upgrading systems; we'll be providing updated training and user documentation.

You can download the updated documentation here!

To help introduce you to the new features in 5.10 - we will be highlighting a new feature in each weekly newsletter.

# Election Summary Report - Precinct Filtering

When using the Election Summary Report you may filter the results by precinct. This will generate an Election Summary report for a specific precinct (any precinct you wish to select). This is a helpful feature for comparing the results of your 1% Manual Tally (by Precinct).
