Hi Rakhi,
Just wanted to give you an update regarding the ballot types before I head out for the night. So far everything is looking good. I ran into a problem when checking the rotation index. The query I have wasn't calculating an even rotation as the candidate count so they were showing as zeros, I also had the contest that don't rotate set to zero so it was a bit alarming at first. I will rerun the audit tomorrow when I come in.
