Rakhi,

We just were notified that a city that was going to appoint decided to go to election. We will need to provide you with another GEMS export later tonight.

Rakhi,

I have placed the GEMS export and the excel spreadsheet for aligning our ballot types on the MFT site.

**Subject:** [EXTERNAL] RE: Questions - Ballot Programming

1. Sample Ballots – Do they only require the standard sample ballots? She wants more information as to what they need. I believe we provided something else for the VIG so it could be formatted but I could be wrong.
  - a. Yes there are a couple of sample ballot pages we need for the VIG. I will get samples from the March election that Alyssa did for us
2. Ballot Stubs – Is the printer doing the stubs (which is what is normally done) or is Dominion?
  - a. Ballot printing vendor will add the stubs
  - b. We will need all files set up to have a front and back even there is not content on the back side
3. Is extract on schedule for 8/21?
  - a. It looks like we will be able to pull a file early next week, possible as early as Monday.
    - i. There might be minor candidate changes from the certified list published on 8/27

Thanks Kevin,

It will probably go faster if we just do a group email. If anyone thinks the answers need discussing please let me know and I'll set it up.

Lenny

**Subject:** Questions - Ballot Programming

Hi Lenny,

Rakhi has some items she wanted me to follow up on from the Election Definition Form.

1. Sample Ballots – Do they only require the standard sample ballots? She wants more information as to what they need. I believe we provided something else for the VIG so it could be formatted but I could be wrong.
2. Ballot Stubs – Is the printer doing the stubs (which is what is normally done) or is Dominion?
3. Is extract on schedule for 8/21?

Thanks,

Kevin
